SOROSIS HONORS ITS DEAD. EASTER MONDAY SET APART FOR

MEMORIAL DAY. Fifty.sis Members of the Great Woman's Clab Slave Died During Its Twenty-seven Years' History Many Well-known Names Found in the List of the Bend. Scrosis honored its dead yesterday. Since the tub was founded, twenty-seven years ago, memorial service was held at Sherry's, and sorosis has decided that "Easter Monday" of

moral day. The title page of the leaset containing the order of yesterday's exercises was suggestive of the occasion. Two Easter Illies with broken stalks were delicately traced in silver over a purple cross which radiated a misty halo.

The room in which the service was held was decorated with many palms, and a large bunch of thes was placed on a stand on the platform. Upon the platform were Mrs. Fannie I. Helmuth, who presided; Mrs. Jennie C. Croly, Mrs. billa Dietz Clymer, Mrs. Florence De Graff haw, Mrs. Jennie Lozier, and the Rev. Phosbe Hanaford. The exercises opened with an organ coluntary by Mr. Frank G. Dossert. This was followed by a prayer, offered by the Rev. Mrs. lianaford, and the singing of the hymn "Work. for the night is coming." by the members.

Mrs. Helmuth, who was to have given an address, said she would omit it, in view of the length of the services, and only read a short poem, peculiarly adapted to the sentiment of

Mrs. Croly, who followed, spoke of some of the early members of Sorosis, among them Alice Cary, the first President of the club. She spoke of how commendable it was in Miss Cary to allow her name to be used as the President of the club then, as at that time a woman's club vas such a radical departure from the accepted ideas of woman's sphere. "She gave us the last ideas of woman's sphere. "She gave us the last years of her life—the swan's song, as it were," said Mrs. Croly. "She gave us also the only address she ever made on a public platform." Mrs. Croly also spoke of Celia Burleigh and descendine Pollard, the hymn writer, who was the first Treasurer of Sorosis. She paid a tribute to Adelaide Hastings, who, she said, was the Chairman of the first committee formed in New York to inquire into the statue of the sales-women.

Miss Hastings was particularly honored by Miss Hastings was particularly homored by Scrosis, as she was the only member who received a funeral service entirely at the hands of Scrosis." The Rev. Phoebe A. Dr. Anna Dinsmore French also received a tribute. "She was the first woman," said Mrs. Croly, "to take steps to establish a foundling hospital in this city." And then Mrs. Croly unintentionally caused a smile by referring to foundlings as anonsmously born infants.

Mrs. M. A. Kidder read an original poem, and an address was made by Miss Hannah Allen.

"The loss by death of our loved ones," said Miss Allen. "admonishes us not to keep our affections sealed up. Give the kind word now; send the flowers you mean to put on their cotins to brighten their nomes while they live. Kind words spoken in a funeral cologium come too late."

Mrs. E. D. Clymer read a poem which she had written as a tribute to Alice Cary and read at the fifth auniversary of Sorosis.

Mrs. Jonnie de la M. Lozier spoke with her usual excellence, paying a tribute to Mrs. Julia Thomas, Mrs. Lucia Forrest, Mrs. Emma Gregory Stowe, and Mrs. Naomi T. Compton as among the members who had died while in the harness of the club's work, and also to Mrs. Florence Newton Merrit and Mrs. May Newton as examples of the domestic type of the club's members." Mrs. Lozier, "women who believe in women, and if we believe in the spirit's immortality we inust feel we have a strong suiritual help coming to us from the other side."

Other addresses were made by Mrs. Esther liermann, Mrs. Hester M. Poole, Mrs. R. L. Morse, Mrs. Hoffman, and the Rev. Phube A. Hanford.

Mrs. M. A. Newton and Mrs. Charlotte J. Bell ad original poems, and Mrs. M. W. Ravenhill gave a recitation. Soles were sung by Miss bara Stutsman and Miss Gertrude Griswold. A hymn and the benediction closed the exer-

WARING'S WHITE SQUADRON. His Men Will Clean the Streets Clad !

After some weeks of deliberation, Commisioner Waring has decided upon a new uniform for the employees of the Street Cleaning Department. One of the suits was on exhibition at his office yesterday. It consisted of white duck trousers, a white Norfolk jacket of the same material with a leather belt, and a German military cap of white with a white enamelied

easily distinguish them and keep an eye upon their work.

Col. Waring is determined that the new suits shall be kept as clean as he intends to have the streets, and each laborer will be required to provide himself with at least two outlits. The Commissioner has been informed by painters and others that white duck is just as easy to keep clean as anything else. The cost of the auits has not yet been determined, but it is thought that it will be about \$4 apiece.

COL. WARING'S ASH BAGS.

The Board of Health Expected to Require the General Use of Them, Street Cleaning Commissioner Waring, having

satisfied himself of the utility of his ash-bag plan, has suspended it temporarily until certain cessary regulations shall have been made by the Health Board. One of the difficulties he has met with arises from the fallure of householders to keep their ashes and garbage separate. alone, and the garbage will be removed by contractors. Some years ago the Health Board required the separation of the two kinds of refuse, and the regulation is still in force. It was carried out at first, but when the house-holders saw the contents of the ash can and the garbage barrel dumped into the same cart they ceased to observe the rule. Col. Waring also wants the Health Board to make the use of canvas bags for ashes compulsory, and it is thought that regulations on both these points will be passed by the Board at its meeting to-morrow. Senator Timothy D. Sullivan called at the Mayor's office yesterday to ask when a hearing would be had on his bill, which was recently passed, giving the Mayor and Board of Aldermen power to grant permits to residents to keep their trucks in the streets. The bill has been endorsed by the Board of Aldermen, but it is believed that Mayor Strong is in favor of leaving the power where it is now vested, in the It was carried out at first, but when the house-

Although It Made Him Sick, Death May Have Been Due to Other Causes,

The firemen belonging to Engine Company 13 of Williamsburgh are wondering what caused the death of Billy, a pet engine-house goat, which died on Saturday morning in the back yard of Fireman Henry Reese's house at 39 North Seventh street. Reese got the goat four years ago, when the animal was a kid. He fed Billy from a bottle until he was able to hustle for himself. Two years ago Billy broke one of for himself. Two years ago Billy broke one of his legs, and Reese set the fractured bone so well that the goat became as lively as ever.

A week ago Billy found a note book belonging to a stenographer in the Ewen Street Police Court. The stenographer lost the book while rinning for a car. The goat was in the habit of leaving the engine house every morning to forage, and came upon the note book. He ate part of it, and when he got back to the engine house he became very ill and hid himself in the cellar.

house he became very ill and hid himself in the cellar.

Reese thought a change of air would benefit the goat and took him to his house. Edward Casey, another fireman, after examining the animal, told Reese that he had a fluid which would cure Billy. The fluid was injected hypodermically, but instead of getting well Billy became worse and died early on Saturday morning ten hours after the fluid was injected. Casey said the fluid was harmless and that the goat's death was due to natural causes. death was due to natural causes.

HETTY GREEN'S NEW LAWYER. She Is Pleased with Him Still and Some Progress Is Made.

"Watterson, there was no caution to me about talking silver," chimed in Mr. Halstead, "so I'll take this chance to advance my scheme with relation to the silver question. Here is my idea; You know that Japan is about to demand \$400,000,000 indemnity from China as a result of the war over on that side of the earth. Why can't we scoop that much from the \$513,000,000 we have sunk in our Treasury and give it to them for \$400,000,000 in gold, for which they can bond themselves to the gold-rich England? That would maintain the parity of the metals and give the United States something sound and solid on which to base further financial legislation. Isn't that a pretty scheme?

"Not half so good as mine." answered the Kentucky editor. "My idea is to legislate for a commission of silver mining experts and assayers, who shall, within a prescribed time, visit all those portions of the West in which sliver is mined. They shall make their tests and place a value on all the hidden silver in that country. For this amount the Government shall issue notes. That will save all the trouble and expense of mining and choke off silver talk for at least a long enough time to give us all a deserved rest. That's a much brighter scheme than yours."

The children of the District of Columbia rolled eggs in the White House grounds to-day, as they have done on Easter Monday for many years. There was no music to-day, however, as the Marine band are blowing their horns in Texas. Mrs. Cleveland and Ruth and Esther were also missing from the family corner in the south portico, and they rolled their eggs on the lawn at the country house. The President was at the White House all day, but the children did not see him.

The city of Washington will make a bid for the Conventions in 1896. One of the arguments made in its favor is that Candidate Thomas B. Chief Justice Fuller announced in the Supreme Court of the United States to-day that the case of the State of New York vs. the United States, appealed by both parties from a judgment by the Court of Claims, would be restored to the docket for reargument before a full bench. The case was argued only last week by Senator D. B. Hill for New York, and Assistant Attorney-General E. B. Whitney for the United States. The matter at issue is the sum of \$131,000 in round numbers, paid by New York as interest upon money borrowed in 1801 to enlist and equip thirty-eight regiments of volunteers. About \$90,000 was paid to bondholders and the balance credited to the Canal Sinking Fund held by the State. The Court of Claims gave judgment for the amount paid to the bondholders, but denied the claim for the balance. Neither party was satisfied, and appealed to the Supreme Court. Treasury Receipts Falling Off.

WASHINGTON, April 15. Treasury receipts for half of the month of April aggregate \$12,-355,000, indicating not over \$25,000,000 for the month. Expenditures so far foot up \$21,260,ooo, foreshadowing a total for the month of more than \$10,000,000. At the present time the excess of expenditures over receipts for the month is \$8,885,000. And for the fiscal year to date \$45,427,000. The difference between receipts and expenditures by the end of April will probably be reduced for the month to \$5,000,000 excess of expenditures over receipts. So far this month the receipts, which at the beginning of April promised \$28,000,000 to \$30,000,000, have been disappointing.

STEWART REPLIES TO CLEVELAND. The Senator Stirred Up by the President's Letter-Altgeld Rises Up,

WASHINGTON, April 15,-Senator Stewart of Novada has addressed an open letter to the President in reply to his communication declining the invitation to visit Chicago and be wel-comed and thanked for his financial record. Senator Stewart at the outset of his letter agrees with Mr. Cleveland that a "sound money" and a "safe currency" are needed, and that the people are crying for a remedy for their present unfortunate condition. He calls upon the President, however, to say what "sound money" and failure of his prediction in his letter to Gov. Northern of Georgia in September, 1893, that the repeal of the Sherman law would relieve the unfortunate situation country, and says that the people now look to him for an explanation of that failure. Senator Stewart says that the contention of the silver men now is simply for what John G. Carlisle in the House of Representatives on Feb. 21 contended for, namely, the "unlimited coinage of both metals upon terms of exact equality." The Senator accuses even hour and a half before the final amen. Just the President of arguing now that such bias this word left his mouth the corpse rose out metallism as that would debase the currency and destroy the credit of the Government. The Senator asks the President this question: it ever occur to you that Jefferson and Jackson might be right and that you might be wrong?" The President, the Senator says, calls upon the Democrats of Illinois to present "a plain and simple argument" in favor of sound money and safe currency, and challenges him to produce such an argument himself. In conclusion, Senator Stewart says:

"Whatever may happen, you are entitled to the gratitude of the American people for your the gratitude of the American people for your bold and open advocacy of the combination of gold monometallists against the doctrine of your Secretary of the Treasury of the 'coinage of both gold and silver upon terms of exact equality.' You are doing what no other President has had the courage to do since the crime of 1873. None of your predecessors since that deplorable event has dared to advise a combination of gold monometallist against the constitutional right of the American people to have coined at the mints both gold and silver, and thereby to enjoy a sufficient supply of money of ultimate payment to do the business of the country, sustain enterprise, and furnishemployment for labor. Your confidence in your wisdom and ability is sublime when under present conditions you are willing to challenge comparisons between your policy and that of the founders of the Democratic party which placed you in power. If you could point to any bonefit you have been to the country your task would be much easier; but in view of universal distress your courage far exceeds your discretion, unless you present your reasons for gold monometallism without delay. There must be something in those reasons be sides the catch phrases' sound money. 'purity,' interconvertibility, 'national credit, 'patriotigalevolton.' party,' and the like. Such talk is stale and can no longer restrain the people from just indignation against the combination which has deprived the young and enterprising of all opportunity to acquire wealth and independence and plunged the country into misery bold and open advocacy of the combination

and want.

"Are you aware that every professor and student of political economy except those in the employ of gold monopoly in Europe and America are in favor of the columge of both gold and the column of the col America are in favor of the columped but he add and silver upon terms of exast equality, and that the advocates of gold monopoly have nothing to present in favor of their cause except such that if you have no reason for maintaining the gold standard which will benefit your cause, then nobody else has? Under these circumstances, if your gold combination is to be successful, you must find some way of satisfying the people that it is right for them to be poor and miserable, if thereby they can secure the smiles of the manipulaters of an allen gold trust, and that if five-cent cotton and fifty-cent wheat are agreeable to the Rothschilds the people of the United States are sufficiently compensated for any sacrifice they may make.

sufficiently compensated for any sacrince they may make.

"In conclusion, I assure you that when your long-delayed argument in favor of the gold standard appears, I shall take great pleasure in calling your attention to any matters you may inadvertently omit which are necessary for your

calling your attention to any matters you may inadvertently omit which are necessary for your case."

Spitingfield, Ill., April 15.—Gov. Aligeld today said of President Cleveland's letter on finance:

"If it had any other name than that of the President signed to it nobody would give it any attention; in fact, if I had signed such a document it would be ridiculed all over the country, for its weakness almost excites pity; but the letter is remarkable in this, that it is the first instance in the history of the republic in which a President of the United States, after using all the powers of the Government, has, in addition, condescended to writte for the newspapers in order to serve his masters. For this letter was not only written for publication, but was intended to start a boom, and has been advertised for a week in order to give it an audience. Other Presidents have been used as a convenience by class interests, but this is the first time in which a President's name has been dragged 800 miles outside of Washington city for that purpose.

"After nominating Cleveland three times and electing him twice to the Presidency, the Standard Oil and Wall street people got him to use all the powers of Government to further their scheme. The country has been going from the diding of the East, from striking down silver to the packing of the Supreme Court. In the mean time the country has been going from bad to worse."

MRS. PARAN STEVENS'S WILL. The Greater Part of Her Estate to Go to Unborn Great-Grandchildren,

The will of the late Mrs. Paran Stevens was flied for probate yesterday afternoon in the office of the Surrogate. It was executed on May 15 of last year. Ex-Surrogate Delano C. Calvin and Noel Gale, a young lawyer in De Lancey

Nicoll's office, were the witnesses.

The will is not a long one, and there are few equests and no public ones. To her nephew Henry Reed, and her niece, Florence Reed, who lwell in San Francisco, is left \$10,000 each absolutely. An annuity of \$5,000 for life is given to the sister of the testatrix, Miss Fannie Reed, and a similar one to her son-in-law, Col. Paget. All of Mrs. Stevens's jewelry is left to her daughter, Mary Fiske Paget, in trust for the latter should die before her mother, Mrs.

Paget is to have the jewelry absolutely. The residue of the estate is left in trust to Mrs. Mary Fiske Paget, to revert to her children, when it will be equally divided and held in trust for their children, Mrs. Stevens's great-grand-

Mary Fiske Paget, to revert to her children, when it will be equally divided and held in trust for their children. Mrs. Stevens's great-grand-children, to whom it will be given absolutely in such shares as were originally given to the grand-children, their share being entailed to the succeeding children. In other words, the estate is not to be divided until the death of Mrs. Stevens's grandchildren. Should any of the grand-children have no issue, their share of the property will be theirs absolutely.

The Union Trust Company is made sole trustee and executor. Mrs. Paget, as heir and nearest of kin, waived cliation and admitted the will was properly executed and the last testament of her mother.

The value of the estate is in the neighborhood of \$1,500,000, but the final amount will not be known until the litigation over the estate of the late Henry L. Stevens has been settled. Gov. Hoadly, Mrs. Paget's lawyer, said yesterday:

"Of course Mrs. Stevens's debts will have some effect on the estate. But I do not believe that they are at all large, if there are any beyond her lawyers' bills. Mrs. Stevenswas an exceedingly good manager, and she handled her property to the best advantage, so that she was able to accumulate a very nice aum. She had but two important pieces of real estate, one a house and lot at 240 Fifth avenue, corner of Twenty-eighth street, next door to 244 Fifth avenue, where she lived for so many years, and a lot at 1,148 Broadway, which is occupied by the southern part of the dining room of the Victoria Hotel. She was contemplating another purchase of valuable real estate, but her death prevented her finishing it.

"The chief factor in the ultimate value of the estate is the result of the litigation over the estate of her son, Henry Leyden Stevens. He left one-half of his estate to his mother and one-half to his slater. His father's will provided that when he was 25 years old the excess over \$400,000 of his share is the estate should be given to him, suaranteeling at least \$100,000. Under the prov

THE TWELFTH NIGHT CLUB'S SEND-OFF TO MISS MAYO.

The Young Actress Will Be Married Here To-day, and Her Cinbmates Gave a Novel Entertainment in Her Honor, The marriage of Miss Eleanor Mayo, the daugh ter of Frank Mayo, the actor, ane herself at actress, to Col. James Elverson, Jr., of the Philadelphia Enquirer, will take place to-day at 12:30 o'clock at the Church of the Incarnation the Rev. Dr. Arthur Brooks officiating. Lemuel Coffin Altemus of Philadelphia will act as best man. There will be no bridesmaids, Miss Mayo

Miss Mayo is a member of the Twelfth Night Club, and last Saturday evening she made her per given by the club in her honor. Usually considered the man bachelor's exclusive prerogative, and the Twelfth Night members felt doubtless that they had boldly advanced one step further in the struggle

vanced one step further in the struggle for equality with man, and demonstrated their joy and satisfaction thereat by becoming wildly hilarious. The reveis extended far into the night, and it was whispered that some stunning Easter gowns and hats failed to appear on Easter Day because of their owners unwise, indulgence in ginger-ale, buttermilk and sarasparilia and lobster salad, club sandwiches, stuffed eggs, olives, cakes, and bon-bons. All these delicacies were included in the menu, which was not partaken of until a late hour.

Previous to that time Miss Mayo sat in state like a queen upon a throne erected at the end of one of the rooms. This throne was gorgeous in ermine, and only the initiated would have guessed that a fur-lined opera cloak and the deft touches of one of the members had wrought the marvel. Paim leaves tied with white-satin ribbon swayed gracefully from the cancpy over the throne. The bride elect was very beautiful in a gown of pale pink satin and chiffon, which offered a delicate contrast to the white fur. When she was comfortably established on her throne the fun began, at first it was like a summer breeze, making just a little rustle, but it increased steadily until at 2A. M. it had become a gale of mirth and nonsense. In spite of the hilarity, an atmosphere of the utmost reingenens and a free club with white at 2 A. M. it had become a gale of mirth and nonsense. start. A. M. it had become a gale of mirth and nonsense. In spite of the hilarity, an atmosphere of the utmost refinement and a true club spirit prevailed.

The entertainment was like a comedy in three acts, with Miss Mayo as the heroine. During the first act she sat in state, blushing and laughing at the sallies of her ladies in waiting, who amused themselves drawing contradictory pictures of married bliss. Act two opened at 11:30 with the wedding march, played upon the piane by Miss Emma Frohman. To these alluring strains Miss Mayo walked, unescorted, to the table, which was set in the form of a heart. She occupied the centre seat at the top, while on either side of her wore Mrs. Alice Fischer Harcourt and Mrs. Augusta Raymond Kidder. There were twenty-five covers, others present being Martha Morion, Selina Fetter, Bessie Tyrce, Mary Penfeld, Nellie Yale Nelson, Emma Frohman, Bijou Fernandez, Ella Starr, Amelia Bingham, Julia Pearl, Maud Hosford, Lelin Ellis, Adelaide Fitzallen, Dickie Martinez, Maidie Craiges, Mrs. Edwin Stevens, Jeanette Lewis, Mrs. Buckstone, Mrs. William Furst, and Mrs. Carhart. The table was decorated with white roses.

Mrs. Harcourt acted as toas: mistress, giving first "The Bride Elect," and tracing Miss Mayo's career from the cradle to the altar. This called forth a gipger ale recognition, it being the most powerful stimulaut on hand. Everybody stood while the glasses were drained. Mrs. Kilder responded to the loast, "Our Husbands," and showed that she was a firm bellever in husbands. "Our Marriageable Sisters" was responded to by Miss Ella Starr, who said she represented the menubers of the club who were waiting for their affinities. Miss Mayo, who had by this time induged in innumerable glasses of buttermilk, interrupted the order of exercises by proposing a toast to "My Other Half." This was drunk in buttermilk, and sarsaparilla was exhausted, and act three was ushered in by the entertainers, who retired to an arsaparial was exhausted, and act three was ushered in by the entertaine

COACHING SEASON OPENS

The Pleaser Has a Splendld Trip to the Country Club and Back. The coaching season was opened yesterday with the first trip of the four-in-hand Pioneer.

The weather was ideal when the coach drew up pefore the Hotel Brunswick. Dr. W. Seward Webb looked up at Diana on the tower of the Madison Square Garden and then said to Col. De Lancey Kane: "Great weather for the trip. 'clonel; a northwest wind," Col. Kane smiled, and answered that he couldn't ask for anything better.

Mrs. Henry Sloane secured the entire coach for the first trip to the Westchester Country Club, and a jolly party was on hand to board the Pioneer, when Frank Hewlett, the guard, announced to Col. Kane, "Everything's ready,

announced to Col. Kane, "Everything's ready, sir."
Dr. W. Seward Webb took the coachman's seat. Mrs. Frederic Bronson, in mounting to the box seat, narrowly escaped a bad fall. The other members of the party with Mrs. Sloane were Henry Sloane, Frederic Bronson, Col. and Mrs. De Lancey Kane, Center Hitchcock, Miss Wilson, and Henry Hobbins. Promptly at 11 o'clock Dr. Webb cracked his whip and the teams started simultaneously on a brisk trot. The guard, Hewlett, swung up to his perch and made the air reverberate with the tooting of his horn.

made the air reverberate with the tooting of his horn.

The projectors of this season's coaching between the Brunswick and the Westchester Country Club are Col. De Lancey Kane, Dr. W. Seward Webb, and Frederic Bronson. Experience had made them so sure of their reckoning that every stop was made on time, and the coach returned to the Brunswick five minutes ahead of time. On the outward trip Dr. Welb drove to Washington Bridge. Mr. Bronson took the reins to Williamsbridge, and Col. Kane tooled the coach into the Country Club. Beturning, Dr. Webb drove first, Col. Kane next, and Mr. Bronson last. Mr. and Mrs. Charles F. Havemeyer and Brockholst Cutting Joined the party at the Country Club and came back to town on the coach. the coach.
To-day Center Hitchcock has engaged the whole coach, and Col. Kane will be the whip.

WASHINGTON ARCH CEREMONIES. The General Programme for Turning the Arch Over to the Park Board,

THE PROCTER & CAMPLE CA PLATE

William R. Stewart, Secretary of the special committee of the Washington Arch Committee appointed to arrange the coming ceremonies for the transfer of the arch to the city authorities on April 30, reports that the following arrangements have been made:

The ceremonies at the site of the Arch will begin at 3.45 P. M. with an invocation by Bishop Potter, after which an oration will be delivered

begin at 3.45 P. M. with an invocation by Bishop Potter, after which an oration will be delivered by Gen. Horace Potter. Following this a brief address will be made by Henry G. Marquand. Chairman of the Washington Arch Committee, and on behalf of the Committee the key of the structure will be delivered by William R. Stewart, Treasurer, to Mayor Strong, who is also a member of the Committee. The Mayor will then deliver the key to David H. King, Jr., President of the Commissioners of Public Parks, who will thus become responsible for the safe keeping of the Arch.

Gov. Morton and his staff, and many other distinguished persons are expected to be present. Stanford White, the architect of the arch, has, at Mr. Stwart's suggestion, designed two quarter-circle grand stands which the committee desires the city authorities to creet in Washington square under its supervision; these conform generally to the curb line of the plaza in front of the arch. On one of these stands the dedication ceremonies will take place, and between them and under the span of the arch the regiments of the First and Second brigades will march past Gov. Morton and the city authorities. If the programme is followed, the march past should begin at 4:30 P. M., an hour which will allow the children of the public schools to enjoy the military pageant. The troops will occupy about an hour in passing, and the Committee on Arrangements has limited the marching column to military and naval organizations only.
